PROJECT

Portfolio Website

I developed a portfolio website to showcase my skills, projects, and experience. The website features a clean and modern design, highlighting my work through interactive elements and easy navigation. Utilizing HTML, CSS, JavaScript, php. I ensured the site is both visually appealing and user-friendly.

Activity Tracker

With The help of this project, you can monitor and record physical activities and related.

Technology Used : HTML,CSS ,JAVASCRIPT, PHP with LARAVEL MSsql, and many more projects.
